Branches Tree Care Ltd has been in the local professional tree care business for 10 years. We are Certified ISA Arborists, also an ISA Tree Risk Assessor, Level 3 WTA certified Feller, BBB Member and WCB.

Branches is owned and operated by Bon Accord life long resident Dianne Hutton ISA PR 5142A.

### Where do we work?

We work in Sturgeon County, St. Albert, Edmonton, Fort Saskatchewan and some of the surrounding lakes.

### What do we do?

We work on trees and shrubs: removals, pruning, stump grinding, health assessments, tree risk assessments, hedging and planting planning.

### How do we do it?

We preform proper pruning that satisfies your needs but also maintains a structurally strong and an esthetically pleasing plant. On removals, we are highly trained in rigging and use the highest level of feller training, to date we have a zero damage record but are fully insured regardless. We can work on any tree anywhere because we are proficient climbers and own a 60ft bucket truck. Our stump grinder fits through standard

gates, lets see if we can get out that pesky stump! Ask me about all the awesome trees you can choose so we plant the right tree for you in the location you would like it to live in.

Invite tree doctor Dianne out to have a look at your tree! She'll tell you what disease or insects are affecting it and how to remedy it!

CONSTRUCTION NEWSLETTER  
ECOLE CITADELLE

January 18, 2021

### WALKING PATHWAY CLOSURE FOR THE NEW ECOLE CITADELLE

Chandos Construction is excited to be part of the team building the new Ecole Citadelle school that will be built just north of the existing Legal School on 46 St.

As part of Chandos' Safety Plan, we have had to close a portion of the walking path that borders the construction site. Due to the close proximity of the walking path and to ensure construction activities do not pose any safety concerns to the public, the pathway will be closed until construction activities permit its reopening.

We apologize for any inconvenience this may cause; however, safety is our number one concern—not just for construction

## DON'T PUT UNFLUSHABLE ITEMS DOWN DRAINS

This causes unnecessary and expensive clogs and blockages.  
Put these items in the trash!

*Thank you!*

The Town of Legal & GFL thank everyone for your cooperation with the new waste auto-collection program!

The continual feedback received from GFL has been very positive and appreciative.
