**KNIGHTS
OF COLUMBUS**
IN SERVICE TO ONE. IN SERVICE TO ALL

In a previous issue of the Legal-Lerie, we discussed the history of the Knights of Columbus, the international scale at which it operates, and the many causes it contributes to. Guided by Catholic family and service principles, our local brotherhood of Knights are focused on improving the Town of Legal and assisting those that are in great need.

This month the Knights wanted to provide you with local updates and current information. Under the leadership of Grand Knight Kurtis Hauptman and Deputy Grand Knight Yvon Charrois, and a dedicated executive board, the Knights are looking for opportunities to make an impact where it's needed most. Looking forward to the future, we are committed to many more projects and needs such as:

- Supporting Christmas Food Hampers for families in need
- Maintaining church and cemetery infrastructure
- Assisting with community infrastructure improvements
- Contributing to, and supporting sports teams and endeavour
- Engaging the public through community events, and supporting the events through service
- Coordinating faith based evenings for Catholics and non-Catholics alike
- Organizing an affordable family event at least once a year (such as a BBQ)
- Fundraising throughout the year to maintain small town sustainability

With the success of our previous fundraisers, such as the "Knight to Remember" gala, this year we switched gears to our first annual Legal Knights of Columbus golf tournament. With the support of our community businesses and residents, this past June was an amazing success. Due to the positive feedback received, we are excited to begin planning the 2nd annual tournament, to be held in June 2019. With more "fun holes" in the planning, the future events will be bigger and better!

**For more information on events and updates, please follow us on
Facebook (Knights of Columbus 3223- Legal)**

**Or if you are interested in becoming a Knight please
email the Knights at kofclegal@hotmail.com**

We are very proud to announce that Legal now has its very own "Citizens on Patrol" group.

This program is under direct supervision of local police forces such as the RCMP. Our main goal is to be on the lookout for any suspicious or criminal activity, to record this activity, and where appropriate, to report such activities to the police. Our members assist in reducing crime by acting as additional "eyes and ears" for both our community and our law enforcement agency.

We meet the third Thursday of each month excluding July & August, 7:30PM at the Citadel Center in Legal. We are actively recruiting new members. Application forms are available at the town office. For more information contact George at 780-991-4628.

COUNCIL UPDATES

Cannabis & Hemp: With the legalization of cannabis taking effect on October 17th, 2018, amendments to the Town Land Use Bylaw 05-2013 were required. On July 3, 2018, Council passed first reading to the proposed Bylaw #04-2018 to amend the Land Use Bylaw to allow for or to prohibit cannabis production & distribution, cannabis retail sales and industrial hemp production facilities.

Pursuant to Section 606(2) of the Municipal Government Act, being Chapter M-26 of the Statutes of Alberta, a notice of Public Hearing was advertised in the local paper on July 31st, 2018 and August 7th, 2018. The Public Hearing was held on Monday August 20th, 2018 at 6:30 P.M. in Council Chambers which allowed the general public to express any concerns they may have in relation to the proposed amendments. Those that were in attendance were not opposed to the amendments however did express concerns with the consumption of cannabis. Council advised that the consumption of cannabis will be addressed by the adoption of a bylaw which is forthcoming.

Following the Public Hearing, Town Council held their regular council meeting and passed 2nd and 3rd reading.

Waste Collection: The Town of Legal has made changes to the waste collection pick up effective the week of September 17th. Waste collection on the South side of 50 avenue will now be collected on Wednesdays rather than Fridays. The residents on the north side of 50 avenue will remain on Thursdays.

Crime Mapping: The Town of Legal is committed to neighborhood development, including innovative and responsive community policing. Knowing the real picture of neighborhood crime that are reported to the RCMP is the first step in doing something about it. Neighborhood crime is more than just numbers; it's about knowing where crimes are happening.

The RCMP Public Crime Map has been created for the public to view and provides information about five crime types: Break and Enters, Stolen Vehicles, Missing Persons, Theft from Motor Vehicles and Mischief. The crime types were chosen as they represent opportunities where people can help reduce crime by practicing crime prevention strategies or by reporting suspicious activity. The Crime Map was developed and is updated by the Alberta RCMP's mapping unit and is updated daily, Monday to Friday by the RCMP.

Visit the Town of Legal website & click on the link "Crime Map".

Wastewater Treatment Ponds (lagoon): In 2016 the Town had the sludge removed from the ponds at the waste water lagoons at a cost of \$70,000. There continues to be concerns with item that do not belong in the waste collection and treatment systems.

MEET THE UNFLUSHABLES

- * disposable diapers * tampons & applicators * cotton balls *
- * sanitary napkins * condoms * cleaning wipes (of all kind) *
- * facial tissue * bandages & wrappings * automotive fluids *
- * paint * solvents * sealants & thinners * poisons *
- * hazardous wastes * trash * grease * hair * medications *

UNFLUSHABLES

UNFLUSHABLES

Current images of Legal wastewater stabilization pond.

The Public Works Department considers these items "unflushables" (Even those items that claim to be flushable on the packaging usually are not.) These items should be placed in the household garbage or taken to an Eco Station.

Unflushables cause sewer blockages resulting in backups that can be costly for homeowners and the Town. These items also cause water treatment effluent at the wastewater stabilization pond.

4 Acres!

This property has undergone several renovations in the past 8 years. The most recent is an upgrading of the basement, with new drywall and new dropped ceiling. This home has two bedrooms up and one down, 1.5 bathrooms, laminate flooring, and new paint to be installed. The Shop has been recently metal clad for durability, the landscaping has been improved, and a garden placed close to the house. The shop is 30 X 30 + 16.5 X 24.5, lots of room and separation. A Sea Can has been added to the land and will stay. The property is zoned industrial but can be maintained as residential. This is a great opportunity for someone looking for a business location. Don't miss it.
